

# GBH

COSMOPROF 2012  
WORLDWIDE BOLOGNA

## INTERNATIONAL LOGISTICS SERVICE

GBH is a leader in its field when it comes to the specialist sector of freight forwarding and is therefore the accredited logistic service for the British Pavilion at Cosmoprof. GBH has 25 years of extensive knowledge and continues to successfully transport stock, products and materials to Cosmoprof with the added value of handling every item directly onto Exhibitors' stands at the Show. On-site supervision is provided by friendly, experienced personnel throughout the exhibition for call-offs, packing and transport returns to the UK.

The GBH team organises pick-ups all over the UK during the run up to the Show as well as returning stock to clients' premises after the exhibition. All stock is carefully packed, wrapped and loaded onto dedicated trucks at the GBH headquarters in Sheffield and then transported directly to the British Pavilion. No secondary distribution hubs are used.

GBH's membership with organisations such as BIFA (British International Freight Association), IELA (International Exhibition Logistic Associates) and internationally recognised Chambers of Commerce, ensures that all their services comply and keep up with legislation.
